
SKILLED YOUTH PROGRAM

- by GOLDENMACE IT SOLUTIONS

Introduction

Goldenmace IT Solutions is a solutions engineering company and we are introducing our Goldenmace Internship Programs. It is open for any students pursuing a bachelor-degree or master-degree. The 6 months of internship program offer students the most modernized way to learn and earn. Students get into our office for 4 hours every day except Sunday where they can learn in-and-out about the program from our experts.

2 months of **FREE** learning and **4 months** of **company-paid internship** let students earn while they are still in college.

Each student will get an authorized **certificate** after completing 6 months of internship with Goldenmace.

Vision & Motive

- As we vision to tailor technology and the industrial revolution to the best for our clients, we believe in empowering youths. Goldenmace Internship Programs is designed for students who will drive the future of industrial revolution.
- Our Motive is to give student an exposure of company before they actually start finding or getting placed in various industries.
- Learn Web & Mobile Technologies and build projects from scratch! Students can build user-friendly and modern UI/UX projects by the end of this 6 months program.

FAQ

Why should I join Goldenmace Internship Program?

- Goldenmace Internship Program allows you to learn and earn from the industry experts for FREE!

Is it mandatory to complete 6 months to get the certificate? Will I have to sign an employment bond agreement?

- Yes, we ask for 6 months commitment from students. There is no employment bond agreement pre or post-completion of your program.

Can a student of 1st year join the program? Will my ATKT matter in defining my eligibility?

- Yes, students of any semester or year can join our internship program. A quick aptitude test will screen the students so irrespective of any ATKTs, you can apply for the program.

Continue...

Do I have to continue my studies at college/university even after 6 months of course and certification?

- Absolutely yes, students who are enrolled with the college/university must continue and complete their academics.

Will my academic curriculum of examination and viva get affected?

- No, we prioritize the college's academic curriculum. Students will be given off during their examination and viva tests.

Are there any hidden charges or institutional fees?

- No, Goldenmace Internship Programs are completely free of cost. No hidden charges.

THANK YOU
